

A decorative border featuring stylized flowers and swirling lines, framing the central text and quote.

# COLOR YOUR *Confidence*

You were perfectly created and molded in the womb. Every part of you has a purpose - flaws and all. When you fully embrace who you are, magic happens because you show up differently when your confidence is high. Your impact is greater when your confidence is high. I call this your Confidence Power. Confidence Power is your ability to influence your environment with your confidence. Use the following coloring sheets to relax your mind while feeding your confidence!
